③

Dec. 1, 1967

Dear Mr. Burleigh:

I understand you are interested in research regarding the Loyalists who removed from the States into Canada years ago. I am wondering if you would have any data on any of the Stafford family who may have removed there between 1770 and 1820 or so,

I have been gathering data on the descendents of Thomas of Rhode Island, and I know some of them did remove there, but for what reasons I do not know. There were many of the Quaker persuasion among them, and this may be a factor? Mostly, they were from Vermont and the upper N.Y. state region, settling in various parts of Ontario.

I corresponded with an L.G. Stafford (now deceased) whose grandfather was in the Canadian army about the time of the 1812 war, they removed to Michigan in 1852. Also an Cleveland Stafford came there about 1800 with the Talbot settlement, around Aylmer and Sheddon.

These people are closely related to me, and while I have some data on these families, it is quite scanty.

Any help you can favor me with, would be greatly appreciated. I am also interested in collecting old used envelopes (cancels, etc.) and coins, if these should be among your other interests. I remain,

Yours truly,

Theodore F. Stafford
